2. How Asgard Open eWRAP Investment works

Your financial adviser

Asgard Open eWRAP Investment is designed to be used by you together with your financial adviser. In certain circumstances we may permit investors to open an account without a financial adviser. However, you should consider engaging a financial adviser when you open your Asgard Open eWRAP Investment account so you can access certain account features and fee structures.

Your financial adviser (if you have one) will open and operate your Asgard Open eWRAP Investment account via AdviserNET. Through AdviserNET, your financial adviser can make amendments to your account such as updating your personal details, setting up new features, transacting on your account (eg submitting buy and sell instructions) and generating various types of reports to help them make informed decisions about your investments.

Authority to operate

If you have a financial adviser, you can decide what level of authority they hold for operating your account:

1. **Investor directed authority** – You must authorise each instruction (transaction or account amendment) in writing before your financial adviser submits it to us online (and, in the case of listed securities, to a panel broker).
2. **Authority to operate** – This allows your financial adviser to submit investment instructions to us online (and, in the case of listed securities, to a panel broker) and amend your account details on your behalf, without prior authorisation from you. Unless we advise you otherwise, the authority to operate allows your financial adviser to submit all instructions on your behalf except for:
 - changing the name of your account
 - transferring funds out of your Cash Account to fund a payment request
 - changing your nominated bank account (Nominated Account) and any external linked accounts
 - changing your name or address if you hold listed securities in your account

- applying for a share trading account
- changing existing, or adding new adviser fees
- any other matters outlined in this Guide that may require your personal instructions.

Authority to transfer cash

If you have a financial adviser, you can give them authority to initiate one-off or regular cash transfers between your Cash Account and bank accounts approved by you (ie your Nominated Account, external linked accounts and any other Cash Accounts held under your client number), on your behalf using AdviserNET. For more information on these account types, refer to the Cash Account PDS.

Change of financial adviser or financial adviser's authority to operate

If you change your financial adviser or cancel your financial adviser's authority to operate, you must tell us immediately. If you change your financial adviser and don't inform us, we'll continue to act on the level of authority you granted to your previous financial adviser.

Removal of financial adviser from your account

Asgard Open eWRAP Investment is designed to be used by you together with your financial adviser. If your relationship with your financial adviser ends, you will need to notify us immediately and tell us if you will be appointing a new financial adviser. If you don't appoint a new financial adviser, you will need to manage your account directly. In addition, the fees applying to your account may increase and you won't have access to the full range of account features and functionalities.

 For more information on the consequences of not having a financial adviser, see 'What will happen if you no longer have a financial adviser' in the 'General information' section of this Guide.

Investment options

Asgard Open eWRAP Investment gives you access to a range of managed investments, listed securities and term deposits.

You and your financial adviser can quickly and easily change and mix your investments at any time as investment markets change. Together, you're in control of where your money is invested and you can create the financial strategy that is best suited to your financial needs and goals.

If you don't have a financial adviser, you will not be able to access the full range of investment options available through your Asgard Open eWRAP Investment account.

Managed investments

You can choose from an extensive range of managed investments, including investments from different asset classes such as cash, fixed interest, listed securities or equity, and property as well as multi-sector (diversified) funds managed by some of Australia's leading investment managers.

The List of Available Investment Options booklet specifies the managed investments available through Asgard Open eWRAP Investment. You can obtain this list free of charge from your financial adviser, through Investor *Online* for existing investors or by calling Customer Relations.

You can obtain a copy of the product disclosure statements for the available managed investments free of charge on request from your financial adviser, through Investor *Online* for existing investors or by contacting Customer Relations.

Listed securities

You have access to most CHESS approved ASX listed securities including direct shares, listed property and exchange traded funds (ETFs).

You can choose between a Sponsored or Custodial share account with regards to how listed securities in your account are to be held and managed. You cannot select both. For information on Sponsored and Custodial share accounts, please refer to 'Transacting in listed securities' in the 'How your account works' section in the AIB.

 For more information on listed securities, please refer to 'Investment options' in the 'Your investment options' section in the AIB and 'Transacting in listed securities' in the 'How your account works' section in the AIB.

Term deposits

Through Asgard Open eWRAP Investment, we offer a range of term deposits with differing maturities/terms and interest payment options. You can learn more about the current terms and rates available from your financial adviser or by calling Customer Relations.

Term deposits provide a fixed interest rate for a fixed length of time which means that you are protected from any decreases in interest rates during the term of your investment in the term deposit. However, you may not be able to take advantage of interest rate increases should the interest rates rise during the term of your investment.

Term deposits are suitable for investors who have an understanding of when they are likely to need to access funds in the future. They are not suitable for anyone who may suddenly need access to any funds in their term deposit as term deposits cannot be withdrawn before maturity.

For information on the terms, conditions and restrictions that apply to term deposits, please refer to the relevant term deposit disclosure document, which you can obtain free of charge from your financial adviser, through Investor *Online* for existing investors or by calling Customer Relations.

 For more information about term deposits, including how we select term deposits, please refer to 'Investment options' in the 'Your investment options' section in the AIB and 'Transacting in term deposits' in the 'How your account works' section in the AIB.

Investment selection

The Investment Governance Policy applies to all investments offered through Asgard Open eWRAP Investment and does not constrain investments to only those issued by or associated with Westpac or its subsidiaries.

Asgard decides whether to add, remove or restrict investments that are available to clients through Asgard Open eWRAP Investments. Asgard takes into account things such as whether the investment is manageable through existing technology and administrative processes, whether there is sufficient demand for the particular managed funds, research house ratings, liquidity and cash flow management, gearing, diversification, costs and tax, asset allocation, track record, governance structure, underlying funds under administration and the ability to meet service level requirements.

Asgard reviews and monitors the available investments on an ongoing basis to make sure they continue to comply with our investment governance policy. We may change the investments available to you at any time. To view the investments available to you, speak to your financial adviser or contact us.

Only 'Investment Grade' term deposits issued by an authorised deposit-taking institution (with a banking licence) may be approved for addition to Asgard Open eWRAP Investment. At the date of this Guide an Investment Grade rating is considered to be equivalent to an S&P rating of BBB- or above, a Moody's rating of Baa3 or above and a Fitch rating of BBB- or above.

Generally, ASX listed securities will be made available for investment via Asgard Open eWRAP Investment. If a security is delisted, or has provided notice that it intends to delist, from the ASX, it will automatically be made unavailable via Asgard Open eWRAP Investment. Where you hold a security that is made unavailable, we may sell your holding in this security without your permission. For more information, refer to 'Removing/selling listed securities held through your account' in 'F. Transacting in listed securities' in the AIB.

Some ASX listed securities, for example mFunds and exchange traded Australian Government Bonds, are not available for investment through Asgard Open eWRAP Investment.

Members of the Westpac Group, including Asgard, participate as financial institutions or product issuers in both domestic and international markets. As a result, perceived and actual conflicts of interest may arise when we consider and assess the investments made available through Asgard Open eWRAP Investment. To manage any perceived or actual conflicts of interest, all investments available through Asgard Open eWRAP Investment are subject to the same investment selection criteria applying to investments in the same class regardless of whether they are issued by a member of the Westpac Group or an unrelated party. Asgard also has

policies in place that govern how it manages conflicts and these policies apply to the investment selection process.

Transferring investments

You can in-specie transfer managed investments you hold through another IDPS provider into your Asgard Open eWRAP Investment account without a change in beneficial ownership, provided those assets are on the investment menu. You can also transfer listed securities (excluding mFunds and exchange traded Australian Government Bonds) you already own into your account and still retain beneficial ownership. Generally, no capital gains tax is payable on the transfer of the managed investments or listed securities into your account and no transfer fees apply. You should seek professional advice on the taxation and stamp duty implications of transferring investments into your Asgard Open eWRAP Investment account.

Once the investments have been transferred to your account, we'll report on them along with the other investments held through your account.

You can also transfer managed investments and listed securities out of your Asgard Open eWRAP Investment account (conditions apply).

The conditions that apply to transferring investments into and out of your Asgard Open eWRAP account are explained in 'E. Transacting in managed investments' and 'F. Transacting in listed securities' in the 'How your account works' section in the AIB.

Your Cash Account

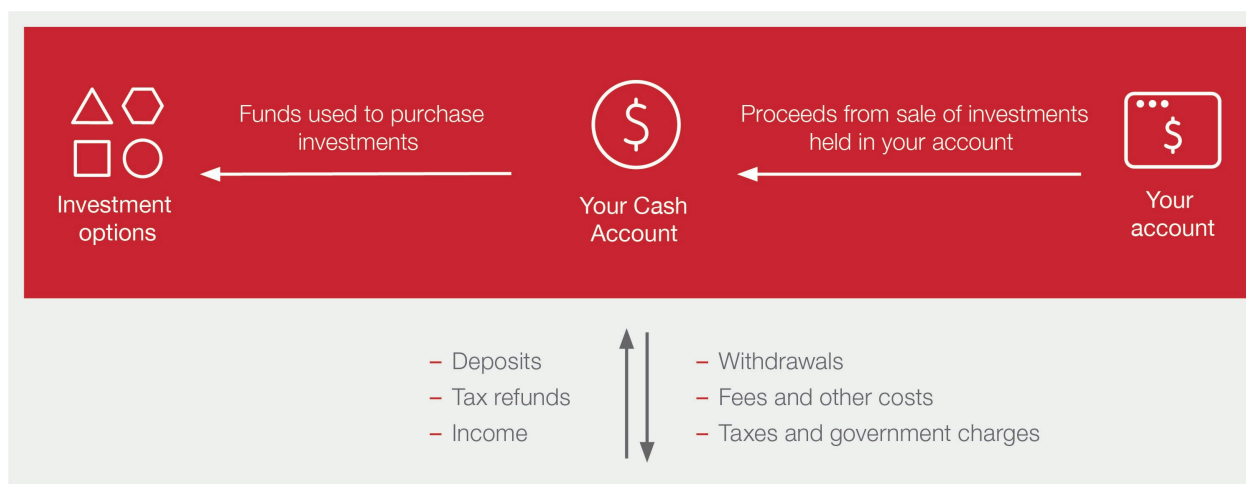

The Cash Account is the central component of your Asgard Open eWRAP Investment account and it allows you, or your financial adviser on your behalf, to easily buy and sell investments. This in-built connection between your Cash Account and the investment options makes it easy for you and your financial adviser to respond to changes in market conditions or your investment needs.

Choice of Cash Account

You can choose whether your Cash Account is an eCASH account (an electronic account) or a CASH Connect account (a cash management account with cheque book and branch access for individual and joint accounts where the method of operation is 'one to sign'). For more information on the Cash Account options, please refer to the Cash Account PDS which can be obtained free of charge from your financial adviser, online at asgard.com.au or by calling Customer Relations on 1800 731 812.

How the Cash Account works

The diagram below shows the flow of money in and out of your Cash Account:

You can easily transfer money in or out of your Cash Account through various means, including Internet Banking or by completing the appropriate form (initiated by you) and/or AdviserNET (initiated by your financial adviser). And, if you have a CASH Connect account, you have access to St. George Bank and BankSA branches. For more information on the deposit and withdrawal options available to you, refer to the Cash Account PDS.

You or your financial adviser can also set up regular direct deposit and withdrawal plans providing you with a disciplined approach to investing and a regular income stream (if required).

Maintaining a minimum balance in your Cash Account

You have to maintain a minimum balance of \$1,000 in your Cash Account to cover fees and other costs. You can monitor your Cash Account balance by regularly checking the details of your account on Investor *Online* or on Internet Banking.

When your Cash Account balance is close to or less than the minimum, you may wish to deposit additional funds into your account. You or your financial adviser may also provide instructions to sell specific managed investments or listed securities. The sale proceeds will be paid into your Cash Account.

If you don't top up your Cash Account balance, we may automatically sell your managed investments and/or listed security holdings.

Refer to 'Your Cash Account' in the 'How your account works' section in the AIB for more information.

Optional features of your account

Asgard Open eWRAP Investment offers a number of optional features to help you and your financial adviser manage your investments and your account more effectively. Some of these features reduce the need for you and your financial adviser to constantly monitor your account and give you greater confidence your investment strategy is being maintained. For more information, please refer to the 'How your account works' section in the AIB.

Consolidated reporting

Regardless of the number of investments you hold through your Asgard Open eWRAP Investment account, we provide you with an easy-to-read report that consolidates all the transactions from the different investment managers, term deposits and listed securities in your portfolio. This makes it easier to compare and analyse how various investments are

performing and for you and your financial adviser to make informed decisions if changes need to be made.

Following the end of each financial year, you'll receive a comprehensive Investor Report with a clear snapshot of all your investments in one document. To help you prepare your income tax return for investments held through your Asgard Open eWRAP Investment account, you'll receive an annual Tax Report and Tax Guide around September each year and online access to quarterly PAYG statements.

You can access information on your account anytime and anywhere online, through Investor *Online*. For more information on Investor *Online* and other types of reporting we make available to you, refer to 'Keeping you informed' in the 'General Information' section in this Guide.

For more information on Asgard Open eWRAP Investment, see the 'Your investment options' and the 'How your account works' sections in the AIB.

3. Investing involves risk

Risk is often defined as the likelihood an investment will fluctuate in value. Generally, the higher the potential return of an investment, the greater the risk of loss.

It's important to note that all investments involve varying degrees of risk. A multitude of factors beyond the control of investors may affect investment returns, such as:

Risk	Description
Security-specific risk	An investment in or with exposure to a company or managed investment may be affected by unexpected changes in that company's or managed investment's operations (due to quality of management, use of technology and so on) or its business environment.
Market risk	Markets are affected by a host of factors including economic and regulatory conditions, market sentiment, political events, and environmental and technology issues. These could have a negative effect on the returns of all investments in that market. This may affect investments differently at various times.
Currency risk	If an investment is held in international assets, a rise in the Australian dollar relative to other currencies may negatively impact investment values or returns.
Interest rate risk	Changes in interest rates can have a negative impact, either directly or indirectly, on investment value or returns on all types of assets.
Gearing risk	Certain managed funds may use gearing. The use of gearing (borrowing) will magnify the variability of investment returns.
Derivatives risk	Certain managed funds may be derivative instruments or may make use of derivatives. Derivatives (which may be used to reduce risks and buy investments more effectively) may be volatile, magnify potential losses and reduce potential profits. Also, the usage of derivatives may be speculative. Risks associated with derivatives include: the risk that changes to the value of a derivative is not in line with changes to the value of the underlying asset, the risk that the management of the assets backing a derivative is not adequate to meet the payment obligations of the derivative and counterparty/issuer risk (the risk that the counterparty/issuer of the derivative contract cannot meet its obligations under the derivative contract).
Alternative investments risk	Certain managed funds may invest in 'alternative investments'. Alternative investments is a category that includes a range of sophisticated investments including hedge funds, venture capital, private equity, leveraged and management buyouts, commodities and futures trading funds. Alternative investments are subject to certain risks that may include periods of large market falls, high volatility or reduced liquidity.
Credit risk	There is always a risk of loss arising from a debtor or other party to a contract failing to meet their obligations. This potentially arises with various securities including derivatives, fixed interest and mortgage securities.
Liquidity risk	Liquidity risk is the risk that an investment may not be easily converted into cash with little or no loss of capital and minimum delay because of either inadequate market depth or disruptions in the marketplace.
Legal and regulatory risk	Changes in domestic and foreign investment and taxation laws may adversely affect your investment.
Operational risk	Asgard Open eWRAP Investment depends on the integrity of its administration and computer systems. However, there is a risk these systems may not be available in certain circumstances.
Insurance risk	You may not take out sufficient insurance to provide adequate cover for you or your beneficiaries, which is known as underinsuring. Your financial adviser may be able to help you identify the appropriate amount of insurance cover for your circumstances.

4. Fees and other costs

Did you know?

Small differences in both investment performance and fees and costs can have a substantial impact on your long-term returns.

For example, total annual fees and costs of 2% of your account balance rather than 1% could reduce your final return by up to 20% over a 30-year period (for example, reduce it from \$100,000 to \$80,000).

You should consider whether features such as superior investment performance or the provision of better member services justify higher fees and costs.

You may be able to negotiate to pay lower fees. Ask the fund or your financial adviser.

To find out more

If you would like to find out more, or see the impact of the fees based on your own circumstances, the **Australian Securities and Investments Commission (ASIC)** Moneysmart website (www.moneySMART.gov.au) has a managed funds fee calculator to help you check out different fee options.

Fees and other costs

This section shows fees and other costs that you may be charged. These fees and costs may be deducted from your money, from the returns on your investments or from the assets in your Asgard Open eWRAP Investment account as a whole.

Taxes are set out in the 'Tax features' section in the AIB.

You should read all the information about fees and other costs because it's important to understand their impact on your investment.

Fees and other costs payable in relation to your Cash Account are disclosed in the Cash Account PDS. The total fees and other costs payable in relation to your account include not only Asgard Open eWRAP Investment fees and other costs, but also the ongoing fees and expenses deducted by investment managers from the managed investments you choose.

It's important you understand the fees of any investments you choose and that they are in addition to the fees for Asgard Open eWRAP Investment and any transaction and account costs incurred on your behalf. The costs of any investment you choose will generally be set out in a disclosure document or product disclosure statement for that investment. These are available from your financial adviser, or through Investor *Online* for existing investors.

Except where otherwise stated, the fees and other costs shown do not take into account any income tax benefit (if applicable), but are expressed as inclusive of GST, stamp duty and are net of any reduced input tax credit (RITC) that may be claimed.

Any fee negotiated with your financial adviser will be disclosed in the Financial Services Guide or Statement of Advice you receive from your financial adviser.

Ongoing annual fees and costs				
Management fees and costs The fees and costs for managing your investment	The management fees and costs consist of the following:		Calculated on a daily basis on the combined value of the balance in your Cash Account, managed investments, term deposits and listed securities in your account. The administration fee is deducted from the Cash Account monthly in arrears (at the beginning of every month) and paid to us. From 7 April 2020 and until further notice, your Cash Account balance will be temporarily excluded from the calculation of the administration fee payable on your Asgard Open eWRAP Investment account. This means that the administration fee ordinarily payable on your Cash Account balance will be temporarily waived until further notice.

Example of annual fees and costs for a balanced investment option or other investment option

Example 1: Platform only

This table gives an example of how the ongoing annual fees and costs for Asgard Open eWRAP Investment can affect your investment over a 1-year period. You should use this table to compare this product with other platform investment products.

Example - Asgard Open eWRAP Investment		Balance of \$50,000 with a contribution of \$5,000 during the year
Contribution fees	Nil	For every additional \$5,000 you put in, you will be charged \$0.
PLUS Management fees and costs	\$750.00 ¹ (Administration fee) + \$25.00 ² (Expense recovery)	And , for every \$50,000 you have in Asgard Open eWRAP Investment, you will be charged or have deducted from your investment \$775.00 ³ each year.
PLUS Performance fees	Nil	And , you will be charged or have deducted from your investment \$0 in performance fees each year
PLUS Transaction costs	Nil	And , you will be charged or have deducted from your investment \$0 in transaction costs
EQUALS Cost of Asgard Open eWRAP Investment		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees and costs of: \$775.00⁴ What it costs you will depend on the investment option you choose and the fees you negotiate.

- 1 This example is based on the management costs for Asgard Open eWRAP Investment and it does not take into account costs incurred for investments that may be accessed through Asgard Open eWRAP Investment, such as management costs relating to a managed investment. As the amount is less than \$300,000 a minimum administration fee of \$750 per annum (based on a 365 day year) applies. For account balances over \$850,000, as your account balance increases, the total administration fee you pay as a percentage of your account balance will decrease due to the tiered administration fee structure (as shown in the administration fee scale in the fee table in this section).
- 2 The exact amount charged to your account will be reported in your Investor Report. Please refer to the 'Additional explanation of fees and other costs' section for more information.
- 3 This example assumes that \$50,000 is invested for the entire year, with \$2,000 held in your Cash Account and \$48,000 in the investment option, the value of the investment is constant over the year and that the additional \$5,000 is invested at the end of the year.
- 4 Additional fees may apply. Refer to 'Additional explanation of fees and costs' in this Guide for more information.

This example is illustrative only and fees and costs may vary for your actual investment. The above example only shows the fees and costs that relate to accessing investments through Asgard Open eWRAP Investment and not the fees and costs of those investments. This example assumes that no listed securities are held in this account. Additional costs will be charged by the issuers of those products that you decide to invest in. Refer to the example on the following page that illustrates the combined effect of the fees and costs.

Example 2: Platform and accessible investment

This table illustrates the combined effect of fees and costs of Asgard Open eWRAP Investment and the fees and costs for an investment in the Advance Moderate Multi-Blend Fund - Wholesale Units through Asgard Open eWRAP Investment over a 1-year period, based on the same assumptions as the 'Example 1: Platform only' set out in the previous section.

Example - Advance Moderate Multi-Blend Fund - Wholesale Units		Balance of \$50,000 with a contribution of \$5,000 during the year
Cost of Asgard Open eWRAP Investment		\$775.00 ¹
PLUS Management fees and costs for an investment in Advance Moderate Multi-Blend Fund - Wholesale Units	0.65% ²	And , for every \$50,000 you have in the Advance Moderate Multi-Blend Fund - Wholesale Units you will be charged \$325.00 ³ each year
PLUS Performance fees for Advance Moderate Multi-Blend Fund - Wholesale Units	0.03%	And , you will be charged or have deducted from your investment \$15.00 in performance fees each year
PLUS Transaction costs for Advance Moderate Multi-Blend Fund - Wholesale Units	0.02%	And , you will be charged or have deducted from your investment \$10.00 in transaction costs
EQUALS Total cost of investing in the Advance Moderate Multi-Blend Fund - Wholesale Units through Asgard Open eWRAP Investment		If you had an investment of \$50,000 at the beginning of the year and you put in an additional \$5,000 during that year, you would be charged fees and costs of: \$1,125.00⁴. What it costs you will depend on the investment option you choose and the fees you negotiate.

- 1 Refer to 'Example 1: Platform only' on the previous page for information regarding this amount and applicable assumptions.
- 2 This is the management fees and costs charged by the Advance Moderate Multi-Blend Fund - Wholesale Units as at the date of this Guide. For more information regarding the fees and costs applicable to the investment options available to you, refer to the 'Fees and costs of managed investments' section of the 'Additional explanation of fees and costs' section of this Guide.
- 3 This example assumes that \$50,000 is invested in the Advance Moderate Multi-Blend Fund - Wholesale Units through Asgard Open eWRAP Investment for the entire year, the value of the investment is constant over the year and that the additional \$5,000 is invested at the end of the year. It doesn't take into account any required minimum Cash Account balance. Refer to 'Your Cash Account' in the 'How your account works' section in the AIB for information about the minimum Cash Account balance requirement. Accordingly, fees and costs are calculated using the \$50,000 balance only.
- 4 Additional fees may apply. This example does not take into account other fees and costs that may apply to some or all of the available investments. The actual fees and costs incurred are dependent on the investments you decide to transact in. Refer to the 'Additional explanation of fees and costs' section of this Guide for information about the fees and other costs that may apply.

This example is illustrative only and fees and costs may vary for your actual investment. This example assumes that no listed securities are held in this account. For information regarding the fees and costs of the managed investments that you choose to invest in, refer to the product disclosure statement or other disclosure document(s) for the relevant managed investment, which may be obtained on request and free of charge from your financial adviser or Customer Relations.

Additional explanation of fees and costs

Administration fee

The administration fee is charged by Asgard for its functions performed as operator of Asgard Open eWRAP Investment including custody, settlement and reporting services.

RITC for managed investments

The part of the administration fee which is charged on the value of the balance in your Cash Account and the managed investments (including term deposits) held through your account qualifies for a reduced input tax credit (RITC) of up to 75% of the GST. No RITC applies to the administration fee charged on listed securities. If you only hold funds in your Cash Account, managed investments and term deposits through your account, the applicable fee scale will be as follows:

Account balance	Fee (% pa)
First \$850,000	0.250%
Balance over \$850,000	Nil
The minimum administration fee ¹ is:	\$750 pa

¹ The minimum administration fee is a fixed daily fee amount which we have annualised based on a 365 day year for ease of comparison. This means the actual annual minimum administration fee payable may differ slightly, dependent on the number of days in the relevant calendar year.

If you hold funds in your Cash Account, in managed investments (including term deposits) and in listed securities through your account, you receive the benefit of the RITC as it applies to that part of the administration fee which is charged on the value of the balance in your Cash Account and managed investments. See the following example:

Example:

David has an Asgard Open eWRAP Investment account through which he holds funds in his Cash Account and managed investments valued at \$150,000 and listed securities valued at \$150,000.

The administration fee applying to his account is as follows.

Cash Account and managed investments	$\$150,000 \times 0.268\%$	=	\$402 (incl. GST)
Listed securities	$\$150,000 \times 0.268\%$	=	\$402 (incl. GST)
Total fee		=	\$804 (incl. GST)

How to calculate RITC on the balance of the Cash Account and managed investments (assuming 75% RITC applicable)

Administration fee applicable to cash and managed investments	$\$804 \times 50\% = \402 (incl. GST)
GST portion of the administration fee	\$36.55
RITC (75% of the GST)	\$27.41
Total administration fee	$\\$804 - \\$27.41 = \\$776.59^1$

¹ Includes GST net of RITC. If you are registered for GST purposes, you may be able to claim either a full or reduced input tax credit for any GST paid on the portion of our administration fee charged on listed securities in your account. If you intend to make a claim, you can request we provide you with monthly tax invoices.

Adviser remuneration/fees

Our fee structure provides you and your financial adviser with flexibility when determining the fee payable for the financial advice and related services they provide to you in relation to your account.

The following optional fees are available for you to select the most appropriate remuneration arrangement with your financial adviser:

- Adviser fee – Establishment
- Ongoing adviser fee
- One-off adviser fee.

You may negotiate with your financial adviser to pay one or more of the above fees to your financial adviser or your financial adviser's licensee.

You must specify these fees on the relevant form, which will request your consent to arrange for the deduction of these fees from your Cash Account for their advice and related services. The amounts you specify on the form will be exclusive of GST.

The payment of fees that you agree to pay to your financial adviser in relation to financial product advice and related services that you receive will be facilitated by us in accordance with your directions.

Please note that all of the adviser fees are deducted by us and then paid to your financial adviser, or to your financial adviser's licensee on behalf of your financial adviser. However, we will not deduct any amounts in relation to adviser fees unless you agree and we do not retain any portion of these adviser fees for our own benefit.

By consenting in the relevant form to the deduction and payment of agreed fees to your financial adviser (or to your financial adviser's licensee on behalf of your financial adviser), you direct us to make those payments to your financial adviser (or to your financial adviser's licensee on behalf of your financial adviser).

You will be required to provide periodic consent (generally annually) for the deduction and payment of the ongoing adviser fee to continue. If we do not receive the required consent, we will cease paying the fee to your financial adviser (or your financial adviser's licensee, as applicable).

Restrictions apply to the adviser fees that can be deducted from your account when you have an eWRAP Margin Lending facility attached to your account. The adviser fees deducted from your Cash Account can only be a flat dollar amount (ie a fixed amount). You cannot pay your financial adviser an ongoing adviser fee that is percentage based.

Opting-out from advice

You may opt-out of receiving financial advice and related services from your financial adviser and paying your financial adviser ongoing fees for future services by notifying us in writing at any time. We encourage you to talk to your financial adviser first before requesting to change the fees applying to your account. We reserve the right to cease paying to your financial adviser any adviser fees on your behalf on receipt of a written request from either you or your financial adviser.

If you opt-out of the ongoing adviser fees paid to your financial adviser, we will generally cease paying the ongoing adviser fees from the day your request is processed by us. That is, we will pay the ongoing adviser fees on a pro-rata basis to the date we process your request to opt-out. However, if you have instructed us to cease paying adviser fees without terminating or opting out of an ongoing fee arrangement with your financial adviser, then you may still be personally liable to pay the adviser fees as agreed under that arrangement. For more information on disclosure of your financial adviser's remuneration, refer to the 'Disclosure of fees and costs received by your financial adviser' section below.

Opting out from advice is not the same as ending your relationship with your financial adviser. This needs to be separately requested (if required). If the relationship with your financial adviser has ended and you do not appoint a new financial adviser, this may have an effect on the fees you pay and your account features. For more information, see 'What will happen if you no longer have a financial adviser' in the 'General information' section of this Guide.

Adviser fee – Establishment

You can agree the initial fee for advice on the establishment of your account with your financial adviser. It must be specified on your application. If no fee is specified, the fee will be nil.

The Adviser fee – Establishment may be described as an 'Establishment fee' in the application form lodged electronically by your financial adviser (if applicable), your periodic statements, the information accessed via Investor *Online* and any other materials you may receive from us.

Ongoing adviser fee

An ongoing adviser fee can also be paid to your financial adviser in addition to the administration fees and costs which are payable to us on a monthly basis in arrears. The ongoing adviser fee amount is calculated on the basis agreed between you and your financial adviser. When you agree on an amount, or basis of calculation, you consent to us deducting and paying this amount from your account each month.

You may select from the following monthly adviser fee options:

1. **Flat percentage amount** – select a flat percentage between 0% and 5.5% (including GST) to apply to the value of managed investments (including term deposits), listed securities and your Cash Account balance, OR
2. **Sliding scale** – specify a sliding scale applicable to the value of managed investments, (including term deposits) and listed securities (not applied to your Cash Account balance), OR
3. **Flat dollar amount** – select a flat dollar amount per month which can be adjusted, either up or down, annually in line with the Consumer Price Index (CPI). You can indicate the month and year in which the adjustment will first occur in your application. The monthly dollar amount will be adjusted by the annual CPI percentage released for the previous quarter.

The flat percentage and sliding scale monthly adviser fee options are calculated on the daily balance of managed investments (including term deposits), listed securities and/or your Cash Account balance, as applicable, and deducted monthly in arrears.

Ongoing adviser fees are paid monthly in arrears from your Cash Account. Where your account is opened during the month, the ongoing adviser fee charged for the first month will be pro-rated based on the number of days your account was opened in that month.

One-off adviser fee

You can agree with your financial adviser to have a one-off flat dollar fee charged to your account. The one-off adviser fee can be paid to your financial adviser in addition to the administration fee which is payable to us.

The one-off adviser fee can be charged on an ad-hoc basis but is only charged once a month. It is deducted from your Cash Account in arrears at the beginning of the month or, if applicable, at the time your account is closed.

Disclosure of fees and costs received by your financial adviser

Your financial adviser must disclose to you any benefits they receive in relation to your investment, including all fees and costs that you have negotiated with them. See your financial adviser's Financial Services Guide and/or Statement of Advice for further information on these benefits.

If an ongoing fee arrangement exists between you and your financial adviser, your financial adviser will also be required to give you a Fee Disclosure Statement on an annual basis. It is also the responsibility of you and your financial adviser to notify us to cease payment of adviser fees in the event that the ongoing fee arrangement is either terminated or is not renewed.

Expense recoveries

We have discretion in deciding to pass on to investors all or a portion of expenses we incur. In general we choose to absorb the costs associated with running your account, however, we intend to charge expense recoveries for costs such as complying with changes in legislation and regulatory requirements. Your portion of any expense recoveries will be deducted from your Cash Account and will be reported in your annual Investor Report as an expense recovery. These expenses are costs incurred by us and payable to us only. They will not be passed on to your financial adviser, your financial adviser's licensee or any other parties.

Taxes

Income from investments held through your account may be taxed. For more information refer to the 'Tax features' section in the AIB.

Ongoing annual fees and costs (accessible managed investments)

The managed funds and exchange traded funds (managed investments) available through Asgard Open eWRAP Investment are managed and operated by investment managers that charge fees and other costs for the management and administration of the managed investments. The investment returns for each managed investment are net of fees and other costs. That is, the fees and other costs are deducted from the value of the managed investment before the unit price is calculated.

Management fees and costs

The fund managers of the accessible managed investments may charge an investment management fee. Indirect costs are an estimate of the costs incurred in managing an investment's assets which directly or indirectly reduce the return on the managed investment. These costs are not directly charged or retained by the managed investment.

These fees are reflected in the unit price of the relevant managed investment and are an additional cost to you. Indirect costs for a managed investment may comprise expense recoveries, performance fees, and other indirect costs. Please refer to the disclosure document for the relevant managed investment for further information regarding indirect costs that may apply to the investment.

Performance fees

Some of the investment managers may be entitled to performance fees in addition to the management fees they receive. The method for calculating these performance fees varies between the managed investments and details are set out in the PDS or other disclosure document(s) for the relevant managed investment. If charged, typical performance fees for a managed investment are estimated to be between 15% and 30% of the investment's out-performance of a defined benchmark, but actual performance fees may fall outside this range.

Transaction costs

Where transaction costs arise from trading activity to execute the investment strategy for a managed investment, and are not the result of buying or selling units in the managed investment, these costs are not recouped by the relevant managed investment (eg by the buy/sell spread in the case of a managed fund). They are an additional cost to you at the time of the managed investment directly or indirectly undertaking the trading activity, and are included in the managed investment's unit price.

Further information regarding the amount of the transaction costs for each managed investment available through Asgard Open eWRAP Investment is provided in the PDS or other disclosure document(s) for the relevant managed investment, which may be obtained on request and free of charge from your adviser or by calling our Customer Relations team on 1800 731 812.

Member activity related fees and costs (accessible managed investments)

Buy/sell spread

When buying and selling units in a managed fund, the fund manager is generally entitled to charge the unit holder an amount representing a contribution to the cost of purchasing or selling the underlying assets. These costs include things like brokerage and stamp duty.

The charge is usually reflected in the difference between the entry price and exit price of a unit and is commonly referred to as the buy/sell spread. The buy/sell spread is charged by the fund manager and is applied before the unit price is provided to us. The buy/sell differential typically ranges from 0.00% to 4.00%, but can be higher. The buy/sell spread has two components:

- an amount added as part of the calculation of the entry price, payable when you acquire an investment and
- an amount subtracted as part of the calculation of the exit price, payable when you dispose of your investment.

The buy/sell spread is an additional cost to you. Generally the buy/sell spread is retained by the relevant managed fund and applied to defray transaction costs; it is not a fee paid to the fund manager. Further information regarding the amount of buy/sell spread for each managed fund is provided in the PDS or other disclosure document(s) for the relevant managed fund. These may be obtained on request and free of charge from your adviser, through Investor *Online* or by contacting Customer Relations.

Other fees and costs

In addition to the ongoing fees and other costs for the managed investments, some investment managers charge contribution and withdrawal fees. These may be charged either:

- as an amount added (or subtracted) as part of the entry (or exit) price, when you acquire (or dispose of) an investment (depending on whether a contribution or withdrawal fee is being charged) or
- by deducting an amount from your account balance, when you acquire (or dispose of) your investment.

The amount of these fees varies between investment managers.

For further information regarding the fees and other costs for each managed investment, refer to the PDS or other disclosure document for each of these managed investments. The fees and other costs for each managed investment may vary from time to time. The fees and other costs for the managed investment used in the fee examples in this document is based on the fees and other costs outlined in the relevant product disclosure statement for that managed investment.

Netting

When carrying out a managed fund transaction, the Administrator may offset your instructions to buy or sell assets against another investor's instructions to sell or buy those assets so that only net transactions are acted on. This process is known as 'netting'. The Administrator may retain any benefit that may be secured from netting. These include the fees and other costs that would have applied had the transaction been processed without netting.

Management fee rebates

We have been able to negotiate rebates on the management fees charged by some investment managers and responsible entities. Any management fee rebate will be paid in full to investors with an account open at the time the rebate is received and processed by us, which is generally quarterly.

Management fee rebates are estimated to range from 0% to 60% of the management fees charged by the investment managers or responsible entities and may vary from time to time.

Platform service fees and other payments

Where permitted by law, we may receive remuneration from investment managers or responsible entities, including service fees or other payments of up to \$25,000 pa per responsible entity (or in some cases, per investment manager) (which is subject to annual review and may increase by up to \$500 pa) plus up to \$10,000 pa per managed investment (which is subject to review and may increase by up to \$200 pa). We may also receive payments of up to 100% of the investment/product fees from investment managers or responsible entities whose financial products are available through Asgard Open eWRAP Investment, in exchange for providing access to services and information. The amount of these payments may change from time to time. This remuneration is paid by the investment managers or responsible entities out of their own resources and is not paid by you.

Related party investment arrangements and transactions

Some of the investments available through Asgard Open eWRAP Investment are issued by Westpac Group companies and they receive fees for doing so. Your Cash Account is a bank account offered by a company in the Westpac Group. Related parties will receive fees for services they provide. All arrangements are on an arm's length basis.

Where a managed investment is issued or managed by a company in the Westpac Group, the same investment selection criteria applicable to managed investments issued or managed by unrelated parties applies. We also have policies that govern how we manage actual and perceived conflicts of interest that may arise and these policies apply to the managed investment selection process.

Other service fees

Share trade service fee

When the online broker is used as the broker, we receive service fees from the online broker for the introduction of your share trading business and for performing client service activities on your broking account. The service fee will range between 40% and 50% of the brokerage charged by the online broker, depending on trade volumes, and does not apply to trades through other brokers. **This is not an additional cost to you.**

Share settlement service fee

We receive service fees for share settlement from our settlement agent, the online broker, for the introduction of your share settlement business and for performing client service activities on your settlement account. The service fee will range between 30% and 45% of the settlement fee charged for trades placed through brokers other than the online broker. **This is not an additional cost to you.**

Margin lending fee

A margin lender from whom you borrow to invest may charge you fees for that service. These fees are disclosed in the eWRAP Margin Lending PDS or other relevant product disclosure statement provided by your margin lending provider.

Interest on other accounts

After we withdraw money from your Cash Account to buy managed investments on your behalf, the money passes through investment clearing accounts before being paid to the relevant investment manager(s). Similarly, any proceeds from the sale of your managed investments and distributions will also pass through the same clearing accounts before being credited to your Cash Account.

If you use the eWRAP Margin Lending facility, any proceeds from the sale of your managed investments and distributions will pass through a margin lending clearing account (instead of an investment clearing account) before being paid to St. George to reduce or repay your margin loan.

If you have a Custodial share account set up, any payments for corporate actions will pass through a Custodial share clearing account before being paid to the relevant share registry. Similarly, dividends for listed securities held in a Custodial share account will also pass through this Custodial share clearing account before being credited to your Cash Account.

When we withdraw fees from your Cash Account to pay your financial adviser, this money also passes through a clearing account. If you choose an eCASH Account, all cheque deposits must be posted to us and we deposit these into a cheque clearing account. If you ask us to transfer money from an external bank account using a direct debit, the amount of the direct debit will also pass through this clearing account. When the cheques and direct debits clear, the

proceeds will be deposited into your Cash Account. See the Cash Account PDS for more information.

All these clearing accounts are in our name and we'll retain the interest earned on the money passing through these accounts. You won't pay any fees in relation to those accounts. We'll pay any fees from the interest or from our administration fee.

Variation of fees and other costs

Our ability to charge fees and expenses, including both maximum amounts and the introduction of new fees, is not restricted under the Custody Service Deed (the trust deed for Asgard Open eWRAP Investment, a copy of which can be obtained by calling our Customer Relations team). Fees and other costs may change for many reasons including changes to the costs of providing services to investors or facilitating the technology or platform. As the Operator and Administrator, we will act consistently with our legal duties when making any decisions with respect of fees, costs and the provisions of services. We may change or introduce fees and other costs payable to us at any time and will give you at least 30 days' prior written notice if we consider the change is materially adverse to your interests.

Please note, when a fee is increased or introduced it will only be charged from the date the change applies and we will not charge this retrospectively.

In the event of any change in tax laws or their interpretation, including changes which affect the rate of GST payable or the input tax credits, the amounts deducted from your Cash Account in respect of the fees and costs applied to your Asgard Open eWRAP Investment account may be varied or adjusted to reflect such changes without your consent or further notice to you.

We may, at our discretion, either generally or on request from you, your financial adviser or your financial adviser's licensee, reduce or waive any of the fees and costs applying to your account.

We may also decide that any such waiver or reduction in fees and costs will cease to apply at any time. Our decision to provide or to cease to provide a waiver or reduction of fees and costs is at our complete discretion.

Total ongoing fee examples

Your account's total ongoing fees will vary depending on the balance in your Cash Account and your choice of investments and the value of your account. For example, the fees for investing in Australian and international share managed investments tend to be higher than those charged for investing in cash or fixed interest.

The following case study provides current estimates of the average total ongoing fees you could pay for the balance in your Cash Account, and for investing in managed investments (with respect to cash, Australian fixed interest, property securities, Australian shares and international shares) and listed securities through your account.

The case study is based on an account value of \$400,000. This case study does not allow for variations to the fees and other costs set out in this Guide which you may separately authorise. Because we cannot control the fees charged for accessible investments, we cannot guarantee the figures won't fluctuate in the future.

The following case study doesn't take into account any fees which are paid to your financial adviser. Such fees are negotiable between you and your financial adviser and are in addition to administration and investment fees. It also doesn't take into account any Custodial share account or margin lending fees.

Here is an example of the fees and costs you may incur over a 1 year period in Asgard Open eWRAP Investment:

Case study – Total ongoing fees (per annum) for an investment of \$400,000

The balance of your account is \$400,000. The first table assumes you hold \$10,000 in your Cash Account and \$390,000 in managed investments through your account, spread equally across five asset classes (ie \$78,000 in each). The second table assumes that you hold \$10,000 in your Cash Account and \$390,000 in listed securities through your account. The annual administration fee, investment fees and total ongoing fees applicable to your account are shown in the tables below.

Asset class	Administration fee (% pa) ¹	% pa charged by investment managers ²	Total ongoing fees (% pa)	Total ongoing fees (\$ pa) ³

- 1 The administration fee charged on the balance in your Cash Account and managed investment holdings is net of RITC. Refer to 'RITC for managed investments' in this section of the Guide.
- 2 These percentages are an average of the most recently published investment fees for the managed investments in the relevant asset class. See the relevant product disclosure statements for the current investment fees.
- 3 You won't actually see this whole amount deducted from your account, since investment fees are deducted from the unit price of your managed investments. However, the value of your account will effectively be reduced by this amount. You will only see any administration fee charged to your account.
- 4 From 7 April 2020 and until further notice, your Cash Account balance will be temporarily excluded from the calculation of the administration fee payable on your Asgard Open eWRAP Investment account. This means that the administration fee ordinarily payable on your Cash Account balance will be temporarily waived until further notice.
- 5 \$25 has been included for expense recovery.
- 6 The administration fee charged on balance in your Cash Account and managed investment holdings is net of RITC. Refer to 'RITC for managed investments' in this section of the Guide. The administration fee charged on listed securities includes GST of 10%.

5. General information

What will happen if you no longer have a financial adviser?

Asgard Open eWRAP Investment is designed to be used by you together with your financial adviser, so you should consider having a financial adviser when you open your Asgard Open eWRAP Investment account. However, in certain circumstances we may permit investors to open an account without a financial adviser.

If you have an adviser and you want to end the relationship with them, you must notify us immediately by taking the steps described below. Alternatively, if we become aware of an event that ends the relationship between you and your financial adviser, we'll notify you. In these cases, you can appoint a new financial adviser to manage your account. **We encourage you to have a financial adviser to allow you to access all account features and to enable efficient processing of your investment instructions.**

What do you need to do?

If you want to appoint a new financial adviser, you need to complete a 'Change of Adviser' form and return it to us. If you want to end the relationship with your current financial adviser, but will not be immediately appointing a new financial adviser, you will need to complete a 'Request to remove a financial adviser from an account' form and 'Customer Identification Procedure' form. You can obtain these forms by contacting Customer Relations. **It's important to complete the relevant form, to assist you in managing your adviser fee arrangements and deciding on who can access your account.**

What happens if you don't appoint a new financial adviser?

If you don't appoint a new financial adviser, you will assume responsibility for managing your account directly.

Once we process your 'Request to remove a financial adviser from an account' form or, alternatively, after we have notified you that your relationship with your financial adviser has ended, the following changes will automatically occur within a period that is appropriate in the circumstances or is required by law:

- Loss of any negotiated administration fee discount. If your financial adviser (or their licensee) had negotiated a reduction in your administration fee, this reduction will no longer apply and your administration fee will increase to the amount disclosed in the fee table in this Guide (see the 'Fees and other costs' section of this Guide).

- Some features of your Asgard Open eWRAP Investment account will change. For example you will:
 - need to place investment instructions by lodging a form with us (available through Customer Relations or by visiting investoronline.info)².
 - be unable to provide us with your corporate action elections if you have a Custodial share account.
 - be unable to access some investments (including those you already hold) restricted to investors who have an adviser or received personal advice. However, you will be able to retain any existing investments you already hold.
 - need to complete and lodge a form with us to access certain account features that your financial adviser would otherwise manage for you. These forms are available through Customer Relations or by visiting investoronline.info.
 - be unable to utilise the 'tax management' feature described in the 'How Asgard Open eWRAP Investment works' section in this Guide. This will impact your ability to manage your capital gains tax position in selling managed investments and listed securities.

More information

We have a policy that outlines how we deal with investors who don't have a financial adviser attached/linked to their account. You can access this policy free of charge by contacting Customer Relations. We may amend this policy from time-to-time.

Online broker

The Administrator is not a market or clearing participant of the ASX or a broker. Accordingly, an online broker has been arranged to provide a broking and settlement services in relation to your instructions to buy or sell listed securities. Listed securities are held directly or held in custody by the Administrator (the Administrator holds legal title, with you retaining beneficial ownership of these listed securities).

When instructions relating to listed security transactions are entered online, you authorise and instruct the Administrator to instruct the online broker to execute those instructions in respect of the listed securities. These transactions will be reflected in your account.

The Administrator's agreement with the online broker, and the online broker's obligations as a market participant, require the online broker to endeavour to provide the best execution for these instructions. For sponsored clients, the trading agreement is between the client and the broker. For custodial

2 If you have a Sponsored share account, you're not able to provide instructions relating to listed securities unless you open a trading account with the online broker. Alternatively, to provide instructions, you can switch to a Custodial share account (a Custodial share account fee is not currently charged but we may choose to charge this fee in the future, in which case we will give you at least 30 days' prior written notice).

clients, as the trading agreement is between the Administrator and the broker, the broker will not act on any instructions it receives directly from you in relation to the listed securities held in connection with your account.

The Administrator may, as the client of the online broker, be entitled to make a claim against the National Guarantee Fund under Part 7.5 of the Corporations Act, if the online broker becomes insolvent, makes an unauthorised transfer, or defaults on its obligations to settle a transaction. In general terms, the National Guarantee Fund is a compensation fund

that may be available to guarantee the completion of certain failed sales and purchases of ASX listed securities, provided the transaction is a 'reportable transaction' entered into by a 'dealer' on behalf of a client (each as defined in the Corporations Act). Under the Corporations Act, if a person is entitled to claim, they must generally serve a written claim on the Securities Exchange Guarantee Corporation within six months after the day on which the person first became entitled to make the claim. If the Administrator makes a claim, it will pass on to you the benefit of any such entitlement or claim, net of any costs incurred in making that claim.

- switch back to paper correspondence, free of charge at any time.

You can make the choice to receive correspondence online when completing your application, by notifying your financial adviser, registering on Investor *Online* or calling us. As important information about your account may be sent to the email address you nominate in your application, it's important that you nominate a current and active email address and notify us immediately if the email address you provided to us changes.

Refer to the 'Other information' section in the AIB for the terms and conditions applying to eStatements and online communications.

Electronic notifications and updated information

We may provide you with all information, including without limitation, any notification, disclosure documents or any other documents for managed investments (Information), required or permitted to be given to you under the *Corporations Act 2001*, any Class Orders issued by ASIC or any other relevant law:

- where it is or may become permissible under the *Corporations Act 2001*, any Class Orders issued by ASIC or any other relevant law, via your financial adviser in writing or notice by email or other electronic communication (including by making it available at Investor *Online*), and
- directly:
 - by email (including emails containing a hypertext link), and
 - by other electronic communication (including documents containing a hypertext link or by making it available online at Investor *Online*).

If you are:

- a new investor, by making an application to open an Asgard Open eWRAP Investment account, or
- an existing member, by giving an investment direction or switching request, using the Regular Buy feature, or by you (or someone on your behalf) making further contributions, on or after the date of this Guide,

you agree that Information can be provided to you in any of these ways.

When we send you documents

You agree we may give you documents and other communications by any of the methods specified below including by sending them to any address for you, your financial adviser or your representative provided by you which we reasonably believe is correct. In this case, those documents and other communications are taken to be given if:

- online, when available
- sent by post (including a letter containing a reference to a website where the relevant documents or other communications can be found), three business days after posting
- sent by email (including an email containing a hypertext link to one or more documents), one business day after the email is sent, or
- given personally, when received.

You will also have access to the above information through your financial adviser and we may choose to send some or all of this information to you.

Disclosure documents for managed investments

If we become aware that an interest in a managed investment held by you is affected by a materially adverse change or a significant adverse event and it is something that would be required to be specified in a product disclosure statement for the managed investment, we'll give you (or you will have access to through Investor *Online*) an updated product disclosure statement, and any supplementary product disclosure statement, for the managed investment. Refer to the 'Electronic notifications and updated information' section and the 'eStatements and online communications' section above for more information. Where this occurs, you will be able to select a new investment option.

The purchase of managed investments may occur without you having been given the current product disclosure statement (including any supplementary product disclosure statement) for those managed investments (the 'missing document') if you give instructions to us to acquire an interest in the managed investments immediately or by a specified time. In this situation, the relevant 'missing document' must be made available to you via Investor *Online* as soon as practical and in any event by the fifth day after the purchase was made.

Please note:

- the purchase of managed investments will continue under the arrangement until we receive instructions to the contrary, or the arrangement is terminated, and
- we may (but we are not obliged to) cease to act on any instructions, including a Regular Buy instruction, if we are not reasonably satisfied that the relevant information has been provided or made available to you prior to investing.

Your rights when investing through this account are different to when investing directly

Investing through Asgard Open eWRAP Investment

Cooling-off rights will not apply

As a wholesale investor, Asgard is not entitled to any cooling-off rights when investing in the underlying financial products on your behalf. As the beneficial owner of the financial products, you will also not be entitled to any cooling-off rights. This is particularly important when considering investing in managed investments with limited liquidity as longer withdrawal periods and transaction fees will apply.

No direct voting rights

Your managed investments and listed securities (other than any listed securities in a Sponsored share account) are held in our name, as custodian for you. We are therefore the legal owner of these investments. Although you retain beneficial ownership, you won't be able to directly exercise any investor rights usually available to the legal owner, including the right to vote on company and scheme resolutions.

We won't exercise any voting rights in relation to your investments, unless we ask for and receive instructions from you. If we do ask for and receive instructions from you about exercising voting rights, we will generally exercise any discretion in accordance with your instructions.

We have a voting policy which contains more information about our voting practices. You can obtain a copy free of charge by contacting Customer Relations on 1800 731 812.

Communications from investment managers

As your investments are held in our name (other than any listed securities held in a Sponsored share account), we receive various communications from investment managers and listed entities, such as annual reports, financial statements and notices about corporate actions. Contact us if you'd like us to provide you with any of these communications we receive.

Withdrawal rights may not apply – defective disclosure

The withdrawal rights usually available under the Corporations Act when a product disclosure statement/disclosure document is found to be defective or a disclosure condition in it is not met before the issue or sale of the related investment applied for, may not be available to you if you invest through Asgard Open eWRAP Investment. This means that the issuer of the investment may not be required to return the investment or provide you with other options such as notification of an option to withdraw in accordance with section 724 or 1016E of the Corporations Act.

Where practicable, we will communicate to your financial adviser where there is an option to withdraw and provide them with any accompanying disclosure (including supplementary or replacement disclosure) as soon as possible (but no later than five days from receipt of notification to us). We will also generally act on any instructions received as to how to exercise the withdrawal option.

Any withdrawal rights that may be available may be affected where you invest through Asgard Open eWRAP Investment rather than directly and a redemption is offered on a scaled-back basis, for example, where the investment is 'illiquid'. This may result in you receiving a lesser amount where your investment through Asgard Open eWRAP Investment is pooled with that of other Asgard Open eWRAP Investment investors and, for example, the distribution of the scaled-back amount differentiates between different investment amounts.

Investing directly

Cooling-off rights will apply

If you are a retail client, you may be entitled to a 14 day cooling-off period with respect to certain financial products such as managed investments. If you exercise your right within the cooling-off period, you can have your application money returned (subject to some adjustments such as in respect of fees and market movements).

Voting rights apply

As you are the legal and beneficial owner of your investments, you are free to exercise any investor rights available to the legal owner, including the right to vote on company and scheme resolutions.

Communications from investment managers

As your investments are held by you in your name, you will receive communications from investment managers and listed entities, such as annual reports, financial statements and notices about corporate actions that relate to your investments.

Withdrawal rights will apply – defective disclosure

Withdrawal rights under the Corporations Act will usually be available and may be exercised by you when a product disclosure statement/disclosure document is found to be defective or a disclosure condition is not met before the issue or sale of the related investment that you applied for directly. You will be notified directly by the product issuer of any option to withdraw and provided with any accompanying disclosure (including supplementary and replacement disclosure).

Tax Status Declaration is required for any entity that is required to confirm:

- a) its Foreign Account Tax Compliance Act (FATCA) status,
 - b) its Common Reporting Standard (CRS) status, or
 - c) whether it or any of its controlling persons are foreign tax residents, or
- an entity can be a company, trust, partnership, association, registered co-operative or government body
 - tax information must be collected from an authorised representative of the entity
 - we do not provide tax advice. If you are unsure about foreign tax residency status, you should seek specialist tax advice.

4. Account password

Please provide an initial account password that will be used to identify you when you make enquiries about your account and a password prompt to help us remind you of your password if you forget it. **For security purposes you should change your account password and prompt on Investor Online once you've received your logon details from us.**

5. Authority to operate

Complete this section if you have a financial adviser. Indicate if your financial adviser will have an authority to operate your eWRAP Investment account.

6. Cash Account

Select your Cash Account option or provide the details of an existing eCASH or CASH Connect Account in **exactly the same name** as this account that you wish to use as the Cash Account for your eWRAP Investment account. If you wish to link an existing Cash Account, it cannot already be linked to an eWRAP Investment account.

CASH Connect

If you choose a CASH Connect Account, each signatory must sign the signature card (included in this application booklet).

Each signatory must complete this section or provide details of a current St.George or BankSA account for which they have already been identified (see the supporting documentation checklist in this booklet for the rules that apply in this case).

You may also need to send copies of supporting documentation to us with your application. The supporting documentation checklist in this booklet details the requirements.

If there's more than one signatory, indicate the method of operation that applies to CASH Connect Account transactions initiated by you:

- **'one to sign'** – one person can initiate withdrawals and CASH Connect Account amendments,
- **'two to sign'** – two people must initiate withdrawals or CASH Connect Account amendments. If you choose this option, you cannot have card access and you won't be given access to Phone and Internet Banking.

Note: The method of operation you choose only applies to withdrawals and account amendments in relation to your CASH Connect Account. It does not apply to your eWRAP Investment account.

7. Phone and Internet Banking

If you have an existing eCASH Account or CASH Connect Account in **exactly the same name** as this account and would like to access information on these accounts through Phone and Internet Banking using your existing Phone and Internet Banking access number and security number, provide the details of your existing Cash Account in this section.

If you choose this option, you won't be sent a new Phone and Internet Banking access number or security number for this Cash Account. You'll use your existing Phone and Internet Banking access number and security number.

8. Nominated bank account

This section must be completed. Your nominated bank account will be linked to your Cash Account to facilitate cash transfers.

You can also give your financial adviser an authority to transfer cash from your Cash Account to your nominated bank account. See section 11, 'Authority to transfer cash'. Your nominated bank account must be held in the same name as your Cash Account.

9. External linked accounts

Complete this section if you have a financial adviser. Provide the details of other financial institution accounts (in addition to your nominated bank account) to which you would like your financial adviser to be able to transfer funds using AdviserNET. (If you want to be able to transfer funds to these accounts using Phone and Internet Banking, you will need to logon to Internet Banking and set them up as third party accounts.)

10. Authority to transfer cash

Complete this section if you have a financial adviser. You can give your financial adviser authority to transfer cash from your Cash Account to your nominated bank account, any external linked accounts and any other Cash Accounts held under the same client number, using AdviserNET. This means that your financial adviser can initiate one-off or regular cash transfers without you needing to sign each instruction prior to your financial adviser electronically submitting it to us.

If you don't give an authority to transfer cash, you'll need to sign each instruction for one-off or regular cash transfers before they are submitted by your financial adviser.

11. Regular direct debit deposits

If you wish to make regular direct debit deposits from a bank account into your Cash Account, complete this section. You must specify the amount you wish to deposit and the frequency of the required deposit.

You must also complete the Direct Debit Request in the application booklet and forward the original with your application. You can only have one Direct Debit Request for each account. Therefore, if you also want to make an initial deposit by direct debit, it must come from the same bank account.

12. Reports and information

Indicate whether your preference for receiving reports and correspondence is online or by mail.

13. Share trading

This section must be completed in order to trade/hold listed securities through your eWRAP Investment account.

You need to indicate how you want your listed securities to be held. You can choose between a:

- Sponsored share account – listed securities will be held in your name, or
- Custodial share account – listed securities will be held in our name.

Under the Sponsored share account, you can choose to receive a new Holder Identification Number (HIN) or you can transfer an existing HIN (this must be in the same name as your account). If you want to transfer an existing HIN, you'll need to complete the CHESS Sponsorship transfer form – Broker sponsored which is provided in the application booklet. For Custodial share accounts, you will be issued with a new HIN and, if you wish to transfer listed securities, you will be required to complete a standard off-market transfer form for each share holding.

If you are setting up a Custodial share account, you will need to nominate whether you wish to receive dividends as cash or have them reinvested under a Dividend Reinvestment Plan (DRP). Please note that your dividend election will apply across all listed securities held in your account.

If you have selected a Sponsored share account, you will need to complete the Share Trading Application Form

(included in this booklet) to set up a share trading account with Australian Investment Exchange Limited (AUSIEX) for your account. Please refer to the Guide for full terms and conditions of this share trading account.

If you have selected a Sponsored share account there are some additional identification information that AUSIEX requires for Anti-Money-Laundering verification, please ensure you complete these details in section 1, the fields are marked 'required for sponsored share accounts only'.

You can also choose the tax parcel selection method that is applied to the sale of listed securities in your account.

14. Initial deposit

Enter the amount of your initial deposit into your Cash Account. It's important to note that depositing funds electronically may be more efficient than a cheque. If you'd prefer to deposit initially by cheque, make your cheque(s) payable to **eWRAP Investment account – name of investor** (for example, John Smith Pty Ltd) and cross it 'not negotiable'. If you'd like us to arrange a direct debit deposit on your behalf, complete the Direct Debit Request.

15. Adviser's details and declaration

You must indicate if you have a financial adviser in this section.

Under the Anti-Money Laundering and Counter-Terrorism Financing Act, your financial adviser is required to verify your identity using the Asgard Customer Identification form(s).

If you do not have a financial adviser, complete and attach the Asgard Customer Identification form(s).

16. Additional information – Mandatory section if you do not have a financial adviser

This section must be completed if you do not have a financial adviser who completed and signed section 16 of this form.

17. Acknowledgements

Read the 'Investor acknowledgements and authorities', in the 'Other Information' section of the eWRAP Investment Additional Information Booklet and the Cash Account Product Disclosure Statement (PDS) carefully and then sign the application.

The application must be signed personally by all applicants. If the applicant is a company, the application must be executed in accordance with the company's constitution.

Applications may be signed or executed by individuals or companies under power of attorney. Where the applicant signs under power of attorney, a certified copy of the relevant power of attorney must be enclosed with the application. Your power of attorney can be certified by a Justice of the Peace, a Commissioner for Declarations or your solicitor.

Our reporting obligations

Foreign Tax Residents. We are required under domestic and international laws to collect and report financial and account information relating to individuals and organisations who are, or may be, foreign tax residents. We may ask you whether you or any shareholder, beneficiary, settlor or controlling person are a foreign tax resident from time to time, such as when you open an account with us, or if your circumstances change. If you do not provide this information to us we may be required to limit the products and/or services we provide to you.

Unless you tell us otherwise, by completing any application for products and/or services covered by these terms and conditions, you certify that you, any shareholder, named beneficiary, settlor or controlling person is not a foreign tax resident. You must tell us if you, or any shareholder, named beneficiary, settlor or controlling person is, or becomes, a foreign tax resident (unless an exemption applies, such as for shareholders of listed companies). Where there are no named beneficiaries (e.g. for beneficiaries identified only as a class) you must tell us if a beneficiary is a foreign tax resident immediately when any decision is made to identify such beneficiary and, in any case, before such distribution is to be made to them. You may contact us to provide foreign tax residence information by calling 1300 725 863. We cannot give tax advice, so please contact your independent tax advisor if you need help finding out whether any person is a foreign tax resident.

Supporting documentation checklist

If you choose a CASH Connect Account, we require the following along with your completed application (your account will not be opened until all documentation has been received). If you're not an Australian resident you may send us copies of the equivalent documentation for your country of residence. Each signatory must complete a reference from an acceptable referee (unless they have already been identified by St.George and have provided requested details on the application) and sign the signature card.

- agree to receive information concerning transactions and holdings through my account electronically in lieu of receiving a quarterly report;
- acknowledge that by investing through this eWRAP Investment account, I/we do not have access to some of the rights and entitlements that would otherwise be available to us as a retail investor if I/we invested in the underlying financial products directly;
- understand that this includes not having the same rights as direct retail investors or not having access to: cooling-off rights, withdrawal rights and voting rights;

Direct debit request service agreement

This agreement sets out the terms on which we accept and act under a Direct Debit Request (DDR) you give us to debit amounts from your account under the Bulk Electronic Clearing System (BECS). It is additional to the arrangement under which you make payments to us.

Asgard Capital Management Ltd
ABN 92 009 279 592 ('we' or 'us'),
User ID: 016103

You have entered or are about to enter into an arrangement under which you make payments to us. You want to make those payments by use of the BECS.

Ensure that you keep a copy of this agreement as it sets out certain rights you have against us and certain obligations you have to us due to giving us your DDR.

When we are bound by this agreement

1. We agree to be bound by this agreement when we receive your DDR complete with the particulars we need to draw an amount under it.

What we agree to and what we can do

2. We only draw money out of your account in accordance with the terms of your DDR.
3. We do not give you a statement of the amounts we draw under your DDR.
4. On giving you at least 30 days notice, we may: change our procedures in this agreement; change the terms of your DDR; or cancel your DDR.
5. You may ask us to: alter the terms of the DDR; defer a payment to be made under your DDR; stop a drawing under your DDR; or cancel your DDR at any time without incurring a penalty by emailing client.support@asgard.com.au or writing to Asgard, PO Box 7490, Cloister Square WA 6850. We will require a new direct debit form if you are changing your financial institution or where you have deferred a direct debit for more than three months.
6. You can dispute any amount we draw under your DDR by calling our Contact Centre on 1800 998 185; or emailing client.support@asgard.com.au or writing to Asgard, PO Box 7490, Cloisters Square, WA 6850.
7. We deal with any disputes under Clause 6 of this agreement as follows. We and our bank review our respective records. If necessary we contact your financial institution to review its records. We advise you and your financial adviser in writing within two to four weeks, depending on the nature and extent of the dispute, and the measures taken to resolve it.
8. If the day on which you must make any payments to us is not a business day, we will draw on your account under your DDR on the first business day following that day.
9. If your financial institution rejects any of our attempts to draw an amount in accordance with your DDR, we contact you and your financial adviser in writing. After three consecutive rejections we advise you and your financial adviser in writing that you can no longer make payments by direct debit. Should we purchase managed investments on your behalf with the proceeds of the DDR, and your financial institution does not honour the DDR, managed investments may have to be sold. We cannot be held responsible for the effect of this buying and selling.
10. We will not disclose to any person any information you give us on your DDR, which is not generally available, unless: you dispute any amount we draw under your DDR and we need to disclose any information relating to your DDR or to any amount we draw under it to the financial institution at which your account is held or the financial institution which sponsors our use of the BECS or both of them; you consent to that disclosure; or we are required to disclose that information by law.

DEC|X|AS12723

What you should consider

11. Not all accounts held with a financial institution are available to be drawn on under the BECS.
12. Before you complete your DDR, it is best to check account details against a recent statement from your financial institution to ensure the details on your DDR are completed correctly.
13. If you are uncertain when your financial institution processes an amount we draw under your DDR on a day which is not a business day, enquire with your financial institution.
14. It is your responsibility to ensure there are sufficient clear funds available in your account, by the due date on which we draw any amount under your DDR, to enable us to obtain payment in accordance with your DDR.
15. We request you to direct all requests to stop or cancel your DDR to us initially and all enquiries relating to any dispute under Clause 6 of this agreement to us initially or your financial institution.
